

8th EONS 3-DAY RESEARCH PROPOSAL WORKSHOP 2023
DATES: 31st May -2nd June 2023, Barcelona, Spain
Venue: University of Barcelona campus of Bellvitge. Faculty of Medicine and Health Sciences

Closing date for applications is 23 February 2023

Purpose This event is specifically designed for oncology nurses with an interest in and aptitude for research, who would like to develop their confidence and skills in writing a research proposal to address a contemporary clinical issue in cancer care.

Content

The workshop will provide a supportive and constructive learning environment, in which you will progress your ideas into a research proposal. To achieve this, we have put together a comprehensive program of interactive taught sessions, participant presentations, small group work, and structured feedback discussions.

Requirements for the applicants:

To be eligible for participation, applicants must be:

- A registered nurse with at least one year of clinical experience in cancer care;
- Qualified up to master level (MSc);
- An EONS member, either through your National Oncology Nursing Society or Institute (Associate member) or as individual member of EONS (or willing to become an individual member);
- Able to write and speak in English.

10 places are available

Note: Applicants who have participated in earlier EONS Research Workshops or an EONS Master class before will not be eligible.

What does it fund?

- Registration fee;
- Three nights' accommodation
- Lunches during the workshop;
- One evening dinner.

What does it not fund?

- Successful applicants will be asked to pay their travel expenses. However, if flight cost alone exceeds €500, a maximum amount of €200 will be considered for reimbursement (insofar as EONS designated budget allows). It is important to note that partial reimbursement is for economy airline ticket only, and on presentation of receipts in keeping with the EONS travel policy.
- Personnel expenses.
- Meals or lunches out the workshop.

Submission format and content

The following information is required and should be provided in the online application form:

1. Application form online
 - a. Principal applicant information (contact details, professional activity)
 - b. Outline of research problem relevant to cancer nursing (more details in application form)
 - c. Identify a mentor to support progression of research proposal
2. A letter of support from applicant's employer.
3. A document with 2 Pages CV of the applicant

Criteria of evaluation

Applications will be evaluated by the research committee, on the following criteria:

- Formal eligibility of the applicant;
- Benefit of this workshop to the applicant's clinical or academic career in cancer nursing;

- Potential relevance of the research project to impact an aspect of clinical cancer nursing.

Reporting schedule

- Applicants are required to submit a short report within 2 months of attending workshop.

How to apply

All applications must be submitted via the online submission link forwarded by email or available on the Research Proposal Workshop webpage.
